

## MINIATURE THANKFUL BOOKS

### WHAT YOU NEED:

8.5x11 paper

Glue stick

Scissors

Ruler to help fold pages

Pens, pencils, markers

### WHAT TO DO:

1. Cut along outside edges of book templates.
2. Fold the interior book page sections together like an accordion.
3. Fold the cover and spine around the folded interior pages.

4. Glue the pages to the cover. With a glue stick, glue along the inside of spine and on the back of the front and back cover. While making sure the book is folded into shape, press down and allow to dry. (A binder clip works great for this!)

5. Fill the inside of the book with your own creativity! These miniature books are perfect as gratitude gifts.
